

ALPHA CAPITAL

WHO ARE WE?

Alpha Capital Investments is a crypto currency auto-trading and investment platform that allows individuals and particularly crypto currency enthusiasts buy any of its four trade plans of their choice. We have also employed experts with over 8 years of experience in crypto currency trading to work alongside our highly effective bots. We are mainly into crypto currency trading as we are focused on dominating the crypto world and providing a safe platform for both veterans and novices in crypto currency to always make profits from crypto currency regardless. We are also into binary option trading, CFD's, Forex trading, Brokering of stock and commodities, real estate and early safe token(s) investment. With all these, we ensure that there are no losses and the demands of every single investor is met.

Alpha Capital Investments is a progressive establishment with fore sited and experienced individuals at its helm of affairs who have highlighted bitcoin as the future and heavy weight of the crypto currency market and have gone on to provide a safe investment environment to help every individual, regardless of your location invest safely and benefit from the crypto market.

OUR ADDRESS

Chem. des Mines 2, 1202 Geneva, Switzerland

AWFUL EXPERIENCES?

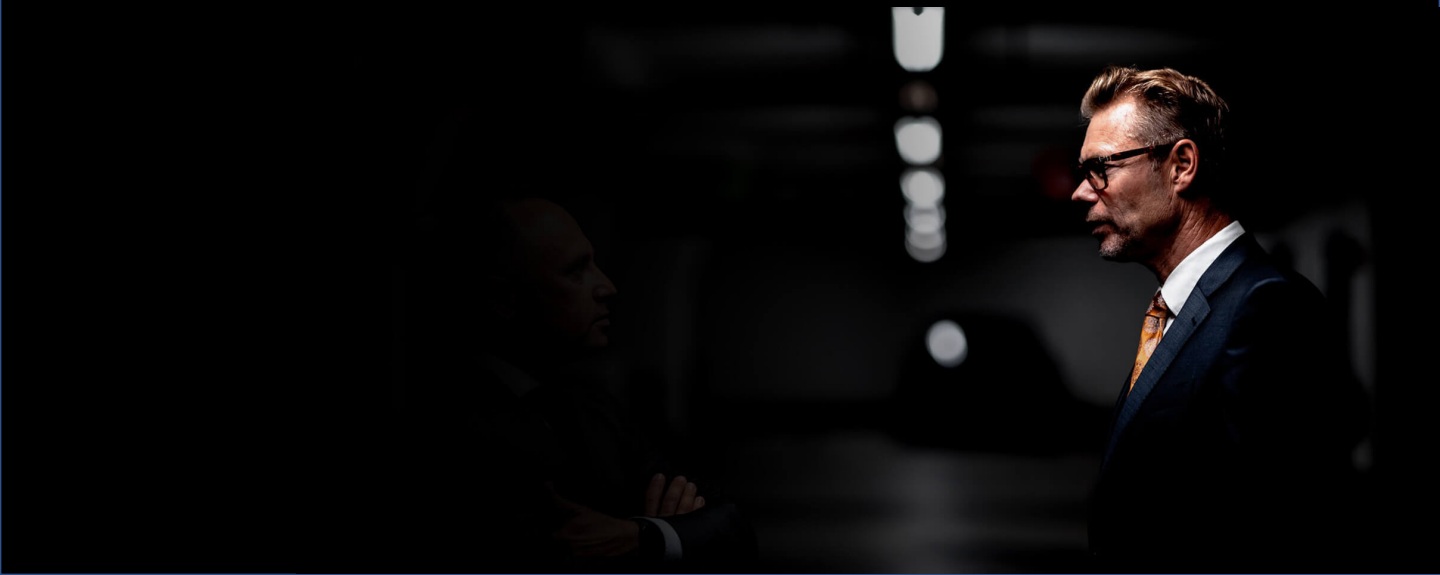

We are totally aware of the availability of scam and scammers within the crypto currency space and we're sorry if you've ever been a victim of any of these scams. Alpha Capital Investments is out to ensure that such experiences are no more in the crypto currency space. We are here to secure your funds and ensure that crypto currency investments turn out to be one of your life's best decisions and our number one aim is to promote the use of crypto currency in the money market.

INCOMPLETE/HALF PAYMENTS

Please note that investors who have made deposits that is below the minimum amount of investment will be unable to buy a trade plan until the funds have been completed and investors could be refunded in some unforeseen circumstances brought about by incomplete payments. Payments can be made by scanning the barcode on the company site or copying the company's wallet address and making the transfer manually.

TRUST

Through testimonials, Alpha Capital Investments have been proven to be one of the only few legitimate platforms existing in the crypto space. We have gone as far as acquiring every important certification required to prove our legitimacy and authenticity. We are registered with the Swiss Government and we operate in one of the safest spaces or environments to run businesses. This safe environment has created a conducive atmosphere for our experts to be highly productive and deliver good results as promised to our investors. Losing funds is impossible with Forza.

DOUBTS

We understand that potential investors may have doubts about the legitimacy of our company and businesses but we encourage all to complete their research on Alpha Capital Investments and see for themselves why we have remained undefeated in the crypto market. Our Headquarters is always open to all Investors and potential Investors.

SOCIAL MEDIA

We have an official LINKEDIN account which is used as a medium to pass messages to investors and prospective investors. Besides this, Alpha Capital Investments has no other social media account or groups on any platform and this is to keep its investors safe from being exposed to scammers. We have an active Gmail address also used as a means of communicating with investors and an ever-active life support service used for the same purpose too.

Investors should feel free to create social media groups as a tool for sharing ideas with their down lines and prospective down lines.

We also organize a zoom call meeting for investors with 50+ direct/indirect down lines every month. This is to ensure that every investor is represented even at the highest level.

WITHDRAWALS

Withdrawals can be made after an investment cycle has been completed. Every investor can also choose to reinvest their funds or top up to buy a bigger plan for bigger profits.

REFERRAL COMMISSION(S)

Alpha Capital Investments gives a referral commission which is 10% of the initial deposit made by any of your down lines. We encourage investors to share this platforms with friends and family.

AUTOMATIC CONFIRMATION

A system has been put in place to automatically confirm deposits and withdrawals to always ensure swift transactions and zero hassles. We understand the value of time, and we are out to preserve its value and not destroy it.

SHARE HOLDERS

These are investors that have bought an investment plan worth \$100,000 and above. They are recognized as shareholders and are given percentages as shareholders and not investors. They become an Integral part of the company and have a part to play in the decision making of the affairs of the company and their profits will be negotiated directly with the company via mail or any of its known medium of communication. Shareholders could be invited to the company's headquarters for such discussions too.

ABOUT US

Alpha Capital Investments is a company located in the heart of Geneva, Switzerland. It was established on the 1st of April 2019 and began as a broker company that was initially/exclusively into crypto currency trading. As expected, the demands of investors grew and we had to diversify in order to meet investors demands and today, the company boasts of a good number of 2000+ active investors. An establishment that began in a back office in Switzerland now boasts of its presence in the United States, Canada, Africa, UK, France, Germany, Asia and Switzerland where it is located.

Today, we boast of other businesses and investments such as real estate and early safe tokens and our aim is simple, to ensure that there are zero losses for anyone who have chosen to explore the crypto world new or old and to also promote the use of crypto currency in the money market.

The C.E.O. of Alpha Capital Investments goes by the name Nickolas A. Koch and its COO goes by the name Chasper Schweizer and are committed to the growth of Alpha Capital Investments and crypto currency generally.
